

**REMARKS**

To overcome the Examiner's claim rejection, the Applicant amends claim 1 by deleting "methyl" from the scope of R<sup>5</sup>.

To overcome the Examiner's rejection of double patenting, the Applicant disclaims the terminal part of any patent granted on the instant application, which would extend beyond the expiration date of U.S. Pat. No. 6,861,536 filed January 8, 2002, as presently shortened by any terminal disclaimer.

The Applicant also believes that the foregoing is a complete response to the Office action, and thus respectfully requests that a timely Notice of Allowance be issued in this case.

Respectfully submitted,

Charles E. Baxley
